## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-24 are rejected under 35 U.S.C. 102(b) as being anticipated by Chan'599.

See Chan'599, summary of the invention, column 3, lines 12-65, column 4, lines 1-48, column 5 bottom and column 6, lines 1-45.

The amendments and remarks filled by Applicants in their last response have been fully considered. Claims, however, remain unpatentable in view of the above grounds of rejections.

Rejections based on 35 USC 112 have been withdrawn in view of the amendments submitted by applicants. Arguments regarding the remaining rejections have not been persuasive. The examiner submits that claims are very broad and the applied prior art reference appears to be still valid.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
